# Prosjektdokumentasjon: Reisebyrå

Dette var et prosjekt der vi skulle lage et reisebyrå nettside, målet var å gjøre nettsiden helt identisk ut med skissene. Nettstedet mitt består av tre HTML sider index.html, hotell.html order.html, og en CSS fil

#### Forutsetninger og Tolkninger

Oppgaven var litt forvirrende på starten, der jeg så at karakter krav ble ikke brukt, men at vi skulle gjennomføre 40% av oppgaven som gjorde meg litt stresset. Jeg jobbet i hvert fall hardt hver dag tenker jeg for å prøve å bestå dette.

## Utfordringer

Alt var gikk helt fint helt til jeg kom til bestilling siden altså order.html og CSS-en. CSS er ikke min sterkeste side, så det tok meg mye tid for å utforske hvordan alt skal fungere og hvordan jeg skulle kopiere skissene. Det var mye form og label bruk for bestillingsiden så det tok også litt tid for å utforske de riktige inputs. Jeg fikk ikke det beste resultatet med CSS-en, men jeg tenker at jeg kom så nærme som mulig.
